

Non-Technical Survey/Explosive Ordnance Risk Education (NTS/EORE) Team Leader

Who are we?

The Danish Refugee Council assists refugees and internally displaced persons across the globe: we provide emergency aid, fight for their rights, and strengthen their opportunities for a brighter future. We work in conflict-affected areas, along the displacement routes, and in the countries where refugees settle. In cooperation with local communities, we strive for responsible and sustainable solutions. We work toward successful integration and – whenever possible – for the fulfillment of the wish to return home.

The Danish Refugee Council was founded in Denmark in 1956 and has since grown to become an international humanitarian organization with more than 7,000 staff and 8,000 volunteers. Our vision is a dignified life for all displaced.

All of our efforts are based on our value compass: humanity, respect, independence and neutrality, participation, and honesty and transparency.

DRC Syria

DRC has been operating in Syria since 2008, initially responding to the Iraqi refugee crisis before pivoting to a full-scale response to the Syria crisis from 2011 onwards. Our work encompasses the full cycle of displacement—responding to **life-saving humanitarian needs** and supporting community recovery until **durable solutions can be achieved**. DRC Syria takes an area-based approach to supporting internally displaced persons (IDPs), returnees, and host communities across our key sectors: Economic Recovery and Resilience, Protection, WASH, Shelter and Infrastructure, and Humanitarian Disarmament and Peacebuilding (including Humanitarian Mine Action).

ABOUT DRC

Founded in 1956, DRC Danish

With an established rapid response mechanism, DRC can **rapidly respond to emerging crises and shocks** to meet **acute emergency needs**. Recognizing the significant need for **early recovery and resilience programming** to ensure dignified, sustainable, and cost-effective solutions for fragile communities, DRC's programmes foster resilience for individuals and communities in situations of protracted displacement and during the initial stages of post-conflict recovery, towards a **durable solution of their choice**. With active portfolios in the neighboring countries of Jordan, Lebanon, Türkiye and Iraq, DRC offers a **cross-border, regional response** to the Syria crisis, through cross-border protection monitoring, advocacy, and trends analysis.

Refugee Council is Denmark's largest, and a leading international NGO. We have continuously been ranked as one of the best NGOs in the world - and are one of the few with a specific expertise in forced displacement. In around 30 countries, we protect, advocate and build sustainable futures for refugees and other displacement-affected people and communities.

Overall purpose of the role:

The overall role of the EORE team leader is to lead, manage, and ensure the safe, effective, and high-quality implementation of Explosive Ordnance Risk Education activities within an assigned area of operations. The Team Leader is responsible for direct team supervision, field data collection and validation, community liaison, and reporting in accordance with national and international standards (IMAS) and DRC SOPs.

A. Responsibilities:

- Team leadership and management
- Lead, mentor, and supervise the EORE team
- Develop weekly/monthly work plans and task allocations for the team in coordination with the Technical Field Manager (TFM) and Operations Manager.
- Conduct regular team meetings and briefings/debriefings.
- Manage team logistics, including movement planning, equipment, and materials.
- Ensure the team's adherence to SOPs
- Identify team training needs and facilitate capacity building
- Plan and monitor team members leave. Review and authorize leave applications submitted by team members on Dynamics.
- Manage and monitor the welfare of team members. Manage team members' performance and conduct written performance reviews in accordance with DRC HR procedures and timelines.
- Provide any other required administrative supervision of team members.
- In consultation with the Technical Field Manager introduce Performance Improvement Plans for underperforming staff members and if required undertake disciplinary procedures to address further underperformance or misconduct issues.
- Monitor and record team members' attendance, ensuring accountability and adherence to work schedules.

B. Technical Implementation & Quality Assurance

- Plan, coordinate, and personally conduct EORE activities in the operational areas.
- Oversee the design, scheduling, and delivery of EORE sessions to at-risk groups using appropriate, context-specific methodologies.
- Ensure EORE messages are tailored to the audience and culturally sensitive, and that monitoring and impact evaluation tools are used effectively.
- Conduct daily quality control checks on all team outputs, including reports and photos.
- Standards: Make sure all activities comply with IMAS and DRC EORE SOPs.
- Responsible for overall communications within team staff on site and during travel via phone or via other means of communication as per DRC HDP communication SOP.
- Provide an on-time report to operations room, including team departures/arrivals/checkpoints during travel/team activity daily start and end times/accidents and incidents.
- Provide daily safety briefs to the team members prior to the start of daily operational activities.
- Prepare, maintain and control necessary equipment for the team.

C. Reporting & Information Management

- Compile, verify, and submit accurate and timely daily/weekly/monthly reports on EORE activities.
- Maintain meticulous records of team activities, including attendance, beneficiary data, and equipment logs.
- Use and manage digital data collection platforms for field data entry and transfer

D. Liaison, Coordination & Representation

- Serve as the primary field-level point of contact for local authorities, community leaders, and other NGOs/agencies in the area of operations.
- Coordinate team activities with other mine action actors to ensure operational synergy.
- Represent the organization professionally in community meetings.
- Foster strong community acceptance and support for project activities
- Undertake any other tasks as requested by Technical Field Manager and Operations Manager.

Experience and technical competencies:

- Background expertise in humanitarian mine action including EORE.
- Previous expertise as HMA team leader.
- Previous EORE experience.
